Seamless Integration of SAP and Alteryx

The screenshot shows the Alteryx Designer interface with a workflow for integrating SAP data. The workflow includes several tools: 'SalesOrdersHeader @ localhost:8065', 'SalesOrdersPosition @ localhost:8065', 'Join sales orders (headers & positions)', 'SAPCustomers @ localhost:8065', 'Join SAP customer name', 'SAPMaterialText @ localhost:8065', 'Join SAP material description', and 'MatNetValueSum - Descending'. Below the workflow, a 'Results - Browse (23)' window displays a table of data.
